## DIVERSIFIED SERVICES FOR A VARIED CLIENTELE!

The main benefits of **Pascan Aviation** include access to a network of private terminals, where clients can enjoy plenty of free parking and a warm welcome, while avoiding the hassle of busy commercial airports and the seemingly endless wait times related to security and boarding procedures.

Pascan's services are competitively priced without compromising quality, and our schedules are extremely varied, hence catering to the needs of all our clients.

- Private terminals: **Montreal-Saint-Hubert, Montreal-Mirabel, Quebec City.**

## A QUALIFIED TEAM!

Over the years, Pascan as built up a multidisciplinary team of experts who pride themselves on safety, customer service, and teamwork – a highly accomplished team with an **enviable track record**. In addition to meeting the highest industry standards, Pascan believes in investing in training and succession planning.

- **We have 335 employees throughout our network.**

## PASCAN ADJUSTS TO REGIONAL NEEDS!

Pascan Aviation, in close collaboration with regional stakeholders, is playing an important role in establishing new airline routes, to respond to the needs of a wide variety of communities. **Pascan is a key player in the development of Quebec's regional economy**, and more recently that of **New Brunswick and Newfoundland-Labrador**.

## FOUR TYPES OF SERVICES OFFERED!

Pascan offer **daily passenger, charter, and cargo flights (including the transportation of hazardous materials)**. The company also owns and operates ultra-modern and specialisez **medical evacuation (medevac)** equipment.

This type of service, which requires specialized knowledge and experience, is provided in joint collaboration with a medical team recognized by both insurance companies and hospitals. Round-trips are completed the same day.

- Capacity of **25,000 passengers monthly**.
- Pascan Aviation continuously innovates its service offering.
